

INFORMATION FOR SUPPLIERS

COVID-19 MANDATORY VACCINATION REQUIREMENTS

CONDITIONS OF CONTRACT

1. Purpose and Scope

The Northern Territory Government requirement for mandatory vaccination in the Northern Territory means that from 1 April 2022, all new contracts with Power and Water Corporation will include suppliers/contractors and their workers, located in the Northern Territory, to be vaccinated for COVID-19 or have evidence of an exemption.

The contract condition **Covid-19 - Mandatory vaccination requirements Vn 1.1** is located on the Power and Water website at [Standard terms and conditions | Power and Water Corporation \(powerwater.com.au\)](#)

2. What activities does this affect?

This new condition applies to all:

- current Grade 2 and 3 procurement activities with a contract award date on or after 1 April 2022
 - you may be issued with an addendum or request to negotiate to include this condition
- all new procurement activities requested/not yet released to market from this date
 - documentation has been update to include this condition
- contract variations that are significant in value or period extensions
 - documentation will be sent with any variation paperwork when required
